For Perfect Health

Perfect health's my sacred right
Health is mine both day and night
My thoughts and actions make for me
Vibrant health in my body

Every cell is bathed in light
All systems in my body right
My health increasingly robust
The healing power I can trust

To Turn Any Situation Into Good

All is well with me
All is working out
My highest good now manifests
In all my life throughout

From this situation
Only good times three
Now appears in every way
So perfectly for me.

For Financial Increase

I give thanks that I am rich
and well and happy too
My affairs are now aligned
with all that's good and true

Financial wealth and riches grow
Increasing every day
All my wealth and fortune brings
All good things my way.

For Love and Romance

I draw love and romance in
My perfect mate arrives
I accept the love we have
Enriching both our lives

I deserve the love, romance
And all the joyful bliss
The passion of each night and day
Aroused by true love's kiss.
