Week Four Homework Assignments:

I MEDITATIONS

Continue to work daily with the three meditations (morning, evening and orb of light). Feel free to work with the recordings, or on your own as you desire).

II MIRROR MAGIC

Continue to work the mirror magic daily. Using the phrase “You, (you may also start to state your given first name, not your Craft name), are a beautiful powerful person and you deserve to have all you desire. I love you and I approve of you, right now, exactly the way you are!” If you desire to alter the phrase a bit you may, but try to get the same idea across. You want to keep strengthening your inner power though the idea of self love and self approval.

III MAGICAL DIARY

Continue to write each day what you did magically. Remember that short entries are fine. If you desire to write more you may. It needn't take more than 1 or 2 minutes. Date each entry and simply write what you did, and any impressions you may have had. When you notice any magical successes or manifestations, please also include those in your diary as well.

IV SPELL BOARDS

If you decide to incorporate a spell board into your work this week, follow these guidelines:

1. Use colored paper, crayons, colored pencils, paints, glitter pens etc. Work with any combination of colors you desire which are appropriate to the planet you are working with to make your board.
2. For extra support, consider either gluing the colored paper to a poster board, or use colored poster board.

3. Draw a border around the edge of the paper using an appropriate planetary color. You may either use a simple line, or you may use shapes to make your border, but be sure that the border is completely framing what will be the inner contents of the spell board.
4. Place the planetary symbol prominently within the border on the board in an appropriate planetary color.
5. Write in Theban Script your desire as simply and completely as possible somewhere within the border.
6. Draw or paste a picture showing your desire. It can be symbolic, or an actual photograph of what you want to manifest.
7. Use other pictures if you desire, but don't allow the board to look cluttered. Cluttered, messy spell boards bring cluttered messy results.
8. Use as many color variations and combinations as you desire to make your board attractive to your eye. If using photos avoid black and white photos. Lifeless spell boards bring lifeless results.
9. You may either use the board in conjunction with your planetary drawing spell, as a follow up to it, or on its own.
10. Allow yourself to meditate on your spell board daily during the waxing moon. Put the board away safely until the next new moon and then dispose of it by any method you desire, knowing that the board has done its job and is no longer necessary.
11. Feel free to use candles and incense appropriate to your desire while meditating on your board.

V INCANTATIONS

1. Write a short but concise incantation describing the desire you are working on.
2. If possible use rhyme and rhythm.
3. Use your incantation daily at your altar either in conjunction with your attraction spell and/or your spell board.
4. Memorize the incantation and also use it whenever doubt or worry regarding your goal comes about.

VI EXTRA MEDITATIONS

This week, experiment with each of the extra meditations provided ("Connecting With Your Desire" and "Receiving Your Desire") at least once in conjunction with the desire you are working on.
